### **Motion of Condolence**

1. Moved by Mayor Paterson  
Seconded by Deputy Mayor Neill

**That** the sincere condolences of Kingston City Council be extended to the family of Gord Downie who passed away on Tuesday October 17<sup>th</sup>, 2017. Our thoughts are with the Downie family, the remaining band members, and his friends during this difficult time. Here in the hometown of The Tragically Hip, Gord Downie was not only a talented artist, musician, and passionate advocate; he was family. Gord Downie has had a profound impact on our community and it's been incredible to see the many different ways Kingstonians have been celebrating his life.

**Deferred Motions**

**Note: The following Motion was deferred, as amended, from October 3, 2017 Council Meeting Number 2017-22 to allow for additional information to be obtained from the Public Health Board.**

1. Moved By Councillor M<sup>c</sup>Laren  
Seconded by Councillor Neill

**Whereas** opioids, include hydromorphone, oxycodone, fentanyl, carfentanyl, morphine, and heroin are a class of drug used primarily for pain relief; and

**Whereas** Canada is among the top prescribers of opioids in the world, and Ontario has the highest opioid-dispensing rates in the country with nearly 2 million Ontarians dispensed an opioid in 2014/15, which totalled approximately 9 million dispenses putting roughly 15% of Ontarians on prescription opioids ; and

**Whereas** opioids act as depressants on the respiratory system, which can slow or stop breathing, and lead to overdose and death if misused; and

**Whereas** opioids are also accessed illicitly, either through diverted prescriptions or through the illegal drug market resulting in community crises in many parts of Canada and Ontario; and

**Whereas** there has been an increase in opioid-related emergency department visits and admissions to hospital in Kingston and confirmed cases of both bootleg fentanyl and carfentanyl in the KFL&A region; and

**Whereas** the presence of opioids such as fentanyl and the even stronger carfentanyl in the KFL&A and other illegal drug markets is concerning because Fentanyl can be 50 to 100 times more toxic than morphine, and even tiny amounts - the equivalent to one or two grains of salt - can cause overdose and death; and

**Whereas** fentanyl and carfentanyl are being illegally mixed into a range of other drugs, such as heroin, cocaine, counterfeit pills such as Percocet and oxycodone, and cannabis increasing the risks that individuals can unintentionally consume these powerful opioids increasing their risk of overdose and death; and

**Whereas** KFL&A community partners are developing a comprehensive community response to tackle the opioid crisis that focuses on prevention, treatment, harm reduction, enforcement and surveillance; and

**Whereas** a comprehensive approach to reduce the morbidity and mortality from opioid intoxication and overdose includes increasing the availability of Naloxone in the community; and

**Whereas** Naloxone is a medication that can temporarily reverse an overdose caused by opioid drugs, and can save a life by keeping an individual alive while they wait for emergency support to arrive; and

**Whereas** increasing naloxone availability is a key harm reduction initiative in a local community response;

**Therefore Be It Resolved That** the City of Kingston endorse the distribution Naloxone Kits to all public institutions and an education and training program on how to use them as part of a Community Drug Policy; and

**That** all City funded organization be formally asked to participate and have available Naloxone Kits and the training to use them including clear precautions stating "recipients of naloxone may become instantly hyper-alert, and/or violent."; and

**That** the City of Kingston encourage the provincial government through the responsible Ministers to work together to make Naloxone Kits easily available in all public institutions, and that the province enact legislation and regulations as needed to limit the liability on non-paramedic responders when administering the drug to treat an overdose; and

**That** this resolution be forwarded to all municipalities in Ontario, with a population greater than 40,000, with the request that they consider indicating their support for this most important initiative; and

**That** this resolution be forwarded to the Association of Municipalities of Ontario, with the request that they include proposing a community drug policy that includes access to Naloxone in their respective engagements with the provincial government; and

**That** this resolution be shared with the Premier of Ontario, all opposition leaders, the ministers of health and Long-Term Care, opposition health critics, our local MPPs, the four school boards, and all city funded organizations; and

**That** the Government of Ontario consider measures to immediately and directly address the over-prescription of legal narcotics by licensed physicians.

### **Amendment Number 2**

Moved by Councillor Stroud

Seconded by Councillor Holland

**That** New Motion Number 2 be amended as follows:

**That** paragraph 2 be amended by inserting the words "including clear precautions stating recipients of naloxone may become instantly hyper-alert, and/or violent" before the last word "and"; and

**That** a 7<sup>th</sup> resolve clause be added to read as follows:

**That** the Government of Ontario consider measures to immediately and directly address the over-prescription of legal narcotics by licensed physicians" at the end of the paragraph.

**Carried**

**Amendment Number 1**

Moved by Councillor George

Seconded by Councillor Holland

**That** New Motion Number 2 be amended as follows:

**That** following the 3<sup>rd</sup> resolve clause be amended, after the word 'institutions' by adding the words 'and that the province enact legislation and regulations as needed to limit the liability on non-paramedic responders when administering the drug to treat an overdose';

**Carried**

## Committee of the Whole

### Information Reports

#### 1. Immigration Status Update

This report is to provide Council with information on immigration in Kingston including statistical data; various ongoing community programs that support settlement in the community; projects and initiatives including many in which the City is a key partner; and some of the challenges and opportunities with respect to immigration going forward.

(The Report of the Commissioner of Community Services (17-303) is attached as schedule pages 256-263)

(File Number CSU-R08-000-2017)

#### 2. Nuisance Party By-Law

The purpose of this Information Report is to provide an overview of the concept of a Nuisance Party By-Law as a local enforcement tool, to identify best practices from other Ontario municipalities, and to outline next steps for the development and implementation of the by-law in Kingston.

(The Report of the Commissioner of Community Services (17-303) is attached as schedule pages 164-279)

(File Number CSU-P01-000-2017)

### Information Reports from Members of Council

#### Miscellaneous Business

Motions of Council are required:

1. **That** as requested by Kingston Interval House that Council proclaim November 2017 as “Woman Abuse Awareness Month” in the City of Kingston.

**(See Communication Number 24-832)**

#### New Motions

1. Moved by Councillor George  
Seconded by Mayor Paterson

**Whereas** Ontarians identify infrastructure and transit as the biggest problems facing their municipal government and Ontarians already pay the highest property taxes in the country; and

**Whereas** municipalities have limited authority to make changes that are needed to reduce the cost of delivering municipal services and financing infrastructure projects; and

**Whereas** a ten-year projection (2016-2025) of municipal expenditures against inflationary property tax and user fee increases shows there to be an unfunded average annual need of \$4.9 billion to fix local infrastructure and provide for municipal operating needs; and

**Whereas** this gap calculation presumes all existing and multi-year planned federal and provincial transfers to municipal governments will be fulfilled; and

**Whereas** each municipal government in Ontario faces unique issues, fiscal health is a challenge shared by all municipal governments, regardless of size; and

**Whereas** diversifying municipal revenues strengthens municipal long-term infrastructure planning and financing and would reduce the vulnerability of municipal governments to any federal or provincial changes and their own respective fiscal health; and

**Whereas** a 1% increase to the provincial portion of the HST, adjusted for low income rebates, would result in about \$2.5 billion in new revenue would be distributed equitably to help every municipal government in Ontario fund their infrastructure and services with greater predictability;

**Whereas** Kingston collects an annual one percent property tax levy that goes towards infrastructure investment, repair and rehabilitation in the community;

**Therefore Be It Resolved That** Kingston City Council support the Association of Municipalities of Ontario in its efforts to secure this new source of revenue to help fund critical municipal services like roads, bridges, transit, clean water and other services; and

**That** should AMO's 'local share' policy to increase the HST be adopted and legislated by the Ontario government, then the City of Kingston would remove the one per cent capital infrastructure tax levy to reflect this new annual stream of revenue into the City's capital budget.

2. Moved by Councillor M<sup>c</sup>Laren  
Seconded by Councillor Neill

**Whereas** equal pay for equal work is a just concern that improves the equity of people in the local economy; and

**Whereas** secure employment is better than precarious employment for individual finance and community economic development; and

**Whereas** a prolong labour conflict will detrimentally affect many ancillary jobs and the future prospects of many students; and

---

**Whereas** this labour conflict costs the economy of Kingston about \$182,186 per day in direct income loss (salaries, wages, and benefits) plus its multiplier; and

**Therefore Be It Resolved That** Kingston City Council add their voice to the growing list of people and institutions who call for the government of Ontario to find an equitable and just agreement with the colleges of Ontario; and

**That** this resolution be shared with Kathleen Wynne premier of Ontario, Kevin Flynn, Minister of Labour, Deb Matthews, Minister of Advanced Education and Skills Development, Sophie Kiwala, our MPP, and the opposition party leaders and critics.

3. Moved by Councillor Neill  
Seconded by Councillor Stroud

**Whereas** several cities in North America have adopted “Bicycle Boulevards”, sometimes referred to as “Neighbourhood Greenways”, (particularly in University Districts); and

**Whereas** Alfred Street, Frontenac Street, and Albert Street are identified as Green Streets in City Planning Documents; and

**Whereas** a bicycle safe, low speed, and quiet street connecting Princess Street with Queen’s Main Campus would be most appreciated by residents, pedestrians, and cycle commuters alike; and

**Whereas** City Staff and Consultants are currently working on an Active Transportation Master Plan (ATMP);

**Therefore Be It Resolved That** serious consideration be given to a possible Bike Boulevard on one of the fore mentioned Green Streets, (particularly Frontenac Street); and

**That** a report from Staff with recommendations be presented at an Environment, Infrastructure and Transportation Policies Committee (EITP) Meeting early in Q2-2018, at which time a Public Meeting will be held to seek community input.
