**Subject:** Proposed City initiated ZBA to permit trade shows, retail at arenas

Good afternoon,

I am in favour to allow for trade shows and specific day retail sales as an accessory use at municipally owned arenas, as specifically proposed in the ZBA to be put for public discussion on 2 Nov 2017.

I think this will provide, more specifically at the Memorial Centre, more revenue to the City for maintenance and continued improvements of the arena and grounds.

Thank you.
