

## PROCLAMATION

### Medical Laboratory Professionals Week

April 14 – 20, 2024

**Whereas** Medical Laboratory Professionals (Technologists, Assistants and Technicians) are heroes who work behind the front lines of healthcare, in our clinical laboratories, to collect and/or analyze blood, tissue and/or other body fluid specimens to produce test results; and

**Whereas** Medical Laboratory Professionals also provide transfusion medicine services, 24/7/365, to save patients' lives by administering blood and blood products; and

**Whereas** Physicians and other healthcare providers rely on test results and diagnostic interpretations produced by these laboratory professionals to diagnose and monitor illnesses.

**Therefore**, I, Mayor Bryan Paterson, on behalf of Kingston City Council, hereby proclaim April 14 – 20 to be "Medical Laboratory Professionals' Week" in the City of Kingston.

**Dated** at Kingston this 3rd day of April, 2024.

Bryan Paterson  
Mayor
