Planning Committee Meeting Number 10-2019 Agenda
Thursday April 18, 2019 at 6:30 p.m., City Hall, Council Chamber

Public Meeting Introduction

“NOTICE OF COLLECTION – Personal information collected as a result of this public hearing and on the forms provided at the back of the room is collected under the authority of the *Planning Act* and will be used to assist in making a decision on this matter. All names, addresses, opinions and comments may be collected and may form part of the minutes which will be available to the public. Questions regarding this collection should be forwarded to the Director of Planning and Development.

The purpose of public meetings is to present planning applications in a public forum as required by The Planning Act. Following presentations by the applicant, Committee members will be afforded an opportunity to ask questions for clarification or further information. The meeting will then be opened to the public for comments and questions. Interested persons are requested to give their name and address for recording in the minutes. There is also a sign in sheet for interested members of the public at the back of the room.

No decisions are made at public meetings concerning applications, unless otherwise noted. The public meeting is held to gather public opinion.

An exception to this rule is combined reports, which consolidates the Public Meeting & Comprehensive Reports. These applications are deemed by staff as straight forward and routine. This business practice has been in place for a number of years and is received by the applicants as efficient customer service and effective use of committee time. Please note that staff use discretion in determining if an application can be a **Combined Public Meeting/Comprehensive Report** to expedite the approval process.

Public meeting reports are provided to inform the public of all relevant information. Information gathered is then referred back to Planning and Development Staff for the preparation of a comprehensive report and recommendation to Planning Committee. This means that after the meeting tonight, staff will be considering the comments made by the public in their further review of the applications.

When this review is completed, a report will be prepared making a recommendation for action to this Committee. The recommendation is typically to approve (with conditions) or to deny. This Committee then makes a recommendation on the applications to City Council. **City Council has the final say on the applications from the City's perspective.**

Following Council decision notice will be circulated in accordance with the Planning Act. If a person or public body would otherwise have an ability to appeal the decision of the Council of the Corporation of the City of Kingston to the Local Planning Appeal Tribunal but the person or public body does not make oral submissions at a public meeting or make written submissions to the City of Kingston before the by-law is passed, the person or public body is not entitled to appeal the decision.

Planning Committee Meeting Number 10-2019 Agenda
Thursday April 18, 2019 at 6:30 p.m., City Hall, Council Chamber

Public Meeting
Held Pursuant to the Planning Act
6:30 p.m.
Official Plan & Zoning By-Law Amendment & Draft Plan of Subdivision

The following is a Public Meeting report to the Planning Committee regarding applications for an Official Plan & zoning by-law amendment & draft plan of subdivision submitted by City of Kingston, with respect to the subject site located at 199, 215, 227 and a portion of 183 Weller Avenue, 16, 33, 40, 41, 51, 61, 70, 71, 81, 94, 100, 106, 110 and 140 Compton Street, 190, 200, 210 and 220 Wilson Street (Rideau Heights). This report describes the proposed applications and includes an overview of the relevant policies and regulations that will be evaluated as part of a future comprehensive report.

The subject property is designated 'Residential' and 'Open Space' in the City of Kingston Official Plan and is zoned with a site-specific Multiple-Family Dwelling 'B1.65' zone and the General Recreation 'P' zone in the former City of Kingston Zoning By-Law Number 8499, as amended.

The applicant is proposing an Official Plan amendment, zoning by-law amendment, and draft plan of subdivision to support the redevelopment of the subject lands as part of the Rideau Heights Regeneration Strategy, Phase 2. The overall development plan for Phase 2 proposes the demolition of 13 existing townhouse units, the renovation of 233 existing townhouse units, and the construction of a total of 195 new units to achieve a total of 306 affordable units owned by Kingston Frontenac Housing Corporation (KFHC) and 122 units that will have a market rent for a total of 428 units. Additionally, Headway Park is proposed to be redesigned to accommodate a new east-west connection between Wilson Street and Compton Street. The application proposes to upgrade the existing east-west connection (i.e. fire lane) to become a municipal road. In total, 342 parking spaces will be incorporated as part of this development.

To accommodate the overall development plan, the applicant is proposing to amend the Official Plan through adjusting the boundaries of the 'Residential' and 'Open Space' designations and changing the implementing zoning to permit certain non-residential uses on the ground floor of a multiple-family dwelling and to provide relief from various performance standards of the Multiple-Family Dwelling 'B1' zone.

The applicant has also submitted a draft plan of subdivision consisting of 8 blocks and one proposed municipal right-of-way in support of the proposed development in order to create the proposed municipal road and to reconfigure the existing parcels as necessary to accommodate the redevelopment (Exhibit H – Proposed Plan of Subdivision).

<p>1020 LANCASTER DR, KINGSTON K7P2R7</p>	<p>D14-024-2018</p>	<p>Zoning ByLaw Amendment (ZBA)</p>	<p>Technical Review Complete</p>	<p>This is a Zoning By-law Amendment Application jointly submitted by the Limestone District School Board (LDSB) and the Algonquin and Lakeshore Catholic District School Board (ALCDSB). The purpose and effect of the application is to rezone the lands to allow different performance standards for each school. The proposed zoning by-law amendment will reduce the setback from the front lot line for permitted visitor parking and will allow non-visitor, front yard parking at the Mother Teresa C.E.S. The zoning by-law amendment will also allow a reduced angle of intersection for the existing driveway at Lancaster Drive P.S.</p> <p>This will allow the reconfiguration of the existing drive aisles, bus loading and parking areas on site to streamline and improve traffic circulation between the Lancaster Drive Public School and the Mother Teresa Catholic Elementary School, and on Lancaster Drive. The proposed Zoning By-law Amendment would result in each site having its own Special Open Space (OS-X) Zone to reflect the site specific provisions.</p> <p>The subject lands are designated Residential in the City's Official Plan, and zoned the Special Open Space (OS-3) Zone in By-law 76-26.</p> <p>Approved amending Site Plan Control Modification applications will be required for each school site prior to the commencement of works. The shared drive aisles and accesses will be formalized through the establishments of easements. A future consent application is anticipated.</p>	<p>James Bar</p>	<p>jbar@cityofkingston.ca</p>
