

MAAC Project Team Request – Director’s Approval

Project Manager: Dan Franco

Project Contact: Mark Van Buren

Project Name: Third Crossing Bridge

Project Location: The Third Crossing Bridge will cross the Cataraqui River at John Counter Boulevard on the west shore to Gore Road on the east shore.

Project Description: Provide a brief project overview including a description of the scope of the work and estimated timing for initial meeting and completion of the project.

The scope of work will include assisting with accessibility design requirements for the Third Crossing Bridge, as well as landscaping and trail improvements on the west shore of the Cataraqui River. Due to the close proximity and tie-ins with Belle Park and the K&P Trail, it would be helpful to have the same MAAC members as on the Belle Park Master Plan: Aimee Burtch and Andrew Jones.

Estimated timing for the initial meeting would be August of 2019 and completion of the project is estimated to be end of 2022.

Project Manager: original signed by project manager Date: July 9, 2019

Director’s Approval: original signed by director Date: July 9, 2019

Upon the approval of the Director, the project manager will email the completed form with signatures to the Committee Clerk for MAAC and the Community Projects Manager, Accessibility.

MAAC Project Team Request – Director’s Approval

Project Manager: Mark Dickson

Project Contact: Mark Dickson

Project Name: Parkway to Queen Mary Road Multi-Use Off-Road Pathway

Project Location: Rideau Trail between Parkway and Queen Mary Road

Project Description: Provide a brief project overview including a description of the scope of the work and estimated timing for initial meeting and completion of the project.

Utilities Kingston will be twinning sewers between Queen Mary Road and Sherwood Drive along the Rideau Trail. When the trail is restored the City will be constructing a three-metre wide asphalt multi-use pathway between Queen Mary Road and Parkway. The City would like the Committee’s help in determining appropriate rest area locations and advising on any other accessibility related issues with the overall project.

Date: July 9, 2019

Upon the approval of the Director, the project manager will email the completed form with signatures to the Committee Clerk for MAAC and the Community Projects Manager, Accessibility.

MAAC Project Team Request – Director’s Approval

Project Manager: Danika Lochhead, Manager, Arts and Sector Development

Project Contact: dlochhead@cityofkingston.ca; 613-546-4291 extension 1277

Project Name: Public Art Program

Project Location: Kingston, Ontario

Project Description: Provide a brief project overview including a description of the scope of the work and estimated timing for initial meeting and completion of the project.

The City of Kingston Public Art Master Plan (2014-2019) and Public Art Policy (approved by Council in 2015) guides the development and implementation of an innovative program of public art that recognizes and builds on the City’s diverse history, engages its community and inspires its future leaders. Staff is actively planning and delivering permanent and temporary public art projects and recognizes the need to embed engagement and consultation with the Municipal Accessibility Advisory Committee as an integral part of the established public art review process to ensure that input is provided in accordance with the Accessibility Consultation Process Policy.

Annually, there will be an estimated 2-3 active permanent public art projects and 2-3 smaller, temporary public art projects. Staff meets internally with an Interdepartmental Public Art Group to review projects approximately 5-6 times per year, which is also the anticipated maximum commitment for a MAAC Project Team Member. The scope of work will be to review public art proposals and recommend to staff and the selected artists possible changes and/or adjustments that could be made to proposals to maximize accessibility while respecting the artist’s vision for the work. MAAC’s support for the public art program will be ongoing and staff is seeking continuity in terms of the involvement of the Committee given the specialized nature of the work that changes project to project.

Project Manager: Janet Jaynes

Project Contact: Janet Jaynes (613-546-4291 extension 1262)

Project Name: Celebrating Accessibility Awards Selection Team

Project Location: City Hall (216 Ontario Street)

Project Description: Provide a brief project overview including a description of the scope of the work and estimated timing for initial meeting and completion of the project.

Three to four volunteers are requested to serve on the Celebrating Accessibility Awards Selection Team. Volunteers will be required to review nominations received and select awards recipients for the Celebrating Accessibility Awards as part a half-day meeting in late October / early November.

More information on the awards can be found on the City website:
