Motions of Congratulations, Recognition, Sympathy, Condolences and Speedy Recovery

Motions of Congratulations, Recognition, Sympathy, Condolences and Speedy Recovery are presented in order of category as one group and voted on as one motion.

Deferred Motions

1. Moved by Councillor M^cLaren
Seconded by Councillor Osanic

Whereas in 2011 Council directed staff to outline the conditions that would support the elimination of train whistles at three consecutive locations (Coronation Boulevard, Collins Bay Road and the pedestrian crossing at Frontenac High School) in the west end of the city; and

Whereas staff retained MMM Group to undertake a safety assessment of these locations that was presented to the Environment, Transportation and Infrastructure Committee as an exhibit to Report EITP 14-013; and

Whereas the 2014 staff report summarized the conditions upon which CN Rail and Transport Canada would support the elimination of whistling at these location at an estimated cost of \$1-3M in capital to fund an enhanced pedestrian trespassing program and \$50-100k in ongoing operating cost to monitor, inspect and maintain pedestrian barriers; and

Whereas the city has recently opened the new bridge on John Counter Boulevard that eliminates the level crossing but continues to be pedestrian trespass location;

Therefore Be It Resolved That that staff include funds for consideration in the 2022 draft operating budget to provide an updated train whistle cessation assessment report for the Kingston Corridor between Coronation Boulevard and John Counter Boulevard, with the intention to complete the assessment and report back to Council by the end of 2022; and

That the report include current requirements from CN Rail and Transport Canada, risks to the municipality, updated cost estimates and timelines, and information on the experience of some other jurisdictions that have implemented train whistle cessation.
