Subject: Minor Variance - D13-016-2022

Dear Secretary Treasurer, Committee of Adjustment,

Please accept this email as a written submission for the above proposed application.
I would like to express that I am in favour of this variance. Rejuvenating older, more central family neighbourhoods is important to the energy of our city.
I know the current owners will do a wonderful job restoring this family home.

52 Hill St.

Cheers,

Jay Rayner
