City of Kingston, Planning Services
c/o Secretary Treasurer, Committee of Adjustment

We have received the paperwork regarding the Minor Variance request for 886 Rowantree Crescent of Kingston, Ontario. Due to the size proposed, we politely oppose the request. This area would leave us and the surrounding neighbours with a lack of privacy in our own back yards. We feel this could also have a negative impact if we decide to list our property. We request that current by-laws remain in place to secure our privacy.

We wish to object to any kind of building being erected at this location.

The open lot is appreciated by the entire area and resident dogs. It is one of the attractions of living on this street.

This neighbourhood has more than enough people populating it and more than enough buildings housing them.

Please leave this precious green patch vacant.

Thank you,
Catherine and Jessica Keet
