Thank you for your response.

I would not be in favour of the proposed by-law variance request. Generally speaking, I would not be supportive of any amendments to ANY properties for the purpose of extending the building envelope space and is not limited solely to the property in question. The homes in the community are already in close proximity to each other. This could effect the water drainage (Kendal Ave drains to Frank St) and have other environmental impacts as well.

Good evening,

I'm currently putting the agenda together to be published Thursday morning – if you send in your comments I can ensure that they make it into the agenda package as official correspondence for the application. Please note that as official correspondence your name and address can become part of the public record, just the same as in-person comments.

The Committee takes all forms of comment into consideration equally when it comes to their decisions.

I will also connect you with the appropriate planner tomorrow morning.

Thank you,

Iain Sullivan, MLIS (he/him/his)

The City of Kingston acknowledges that we are on the traditional homeland of the Anishinaabe, Haudenosaunee and the Huron-Wendat, and thanks these nations for their care and stewardship over this shared land.

It is my understanding that I can submit comments to yourself by e mail with regard to the above proposal concerning [1445 Kendal Avenue](#). I would like to know if written comments carry as much weight as verbal comments. For example, if I am unable to participate in either the virtual meeting or in person, would my written comments be considered as equal?

Regards,
